DECEMBER 2018

Your Horse, Your Choice

## CARE ABOUT CUSHINGS

Are you confident with Cushing's? Are you aware of what to look for in the clinical signs for PPID?

Care About Cushings is a new campaign which provides free monitoring blood tests for Cushing's disease, (Monitoring test vouchers are limited to one per horse per year and cover laboratory fees only). This online resource is to support owners with the lifelong management of PPID. It allows you and us as your vets to view your horse's PPID history at a glance and you can save diary entries and upload photographs to monitor their progress. You can also access expert information at the touch of a button. Don't delay, sign up now.

## WELCOMBE BACK LISA

We are delighted to announce that Lisa has rejoined the Farr & Pursey Family after her year off to have baby no.2. Lisa has already been out and about to a couple of yards on visits and is looking forward to catching up with everyone over the coming weeks. Nurse clinics will be back up and running, contact the practice for further information.

## RECOGNISING THE SIGNS

Did you know that a pony with a pot belly could have equine Cushing's disease (PPID)? Head over to [www.careaboutcushings.co.uk](http://www.careaboutcushings.co.uk) to download the comprehensive equine Cushing's disease check list to make sure you can recognise all the symptoms of the condition, or collect a copy from the practice. Care about cushings is an online support and guide in sorting out the facts from the fiction.

### DON'T FORGET OUR ONLINE SHOP

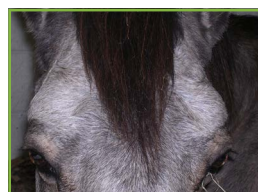

The site for all your horse's needs

VISIT OUR SHOP

*Examples of clinical signs of PPID - Muscle wastage & fat pads*

If you are concerned that your horse or pony may be showing any of these signs call the practice on 01442 851921. If your vet advises you to test for this condition, voucher codes for a free blood test\* can be generated at [www.careaboutcushings.co.uk](http://www.careaboutcushings.co.uk) (\*Laboratory fee only)
