

NEWSLETTER

JANUARY 2018

NEW EQUIPMENT

We have a range of new equipment within the Practice. All designed to enhance our services and bring you results faster.....

IN-HOUSE LABORATORY

- We now have a full 'in-house' laboratory
- We are able to run the most common of blood tests - haematology & biochemistry
- We aim to get the results to you the same day, often within hours of the sample being taken.

DENTAL CAMERA

- Did you know 51% of horses have some form of dental disease?
- Using a specifically designed camera we can now identify problems early
- Check out our website for some videos!

NEW STAFF

We are delighted to introduce you to the newest member of the F&P team - Chloe Round. Chloe joins us as a full-time Office Administrator and Clinical Aid so there will now be someone in the office to deal with all your appointment requests and queries. Chloe has spent the last 10 years working on one of our biggest and busiest yards, occupying the position of Head Girl for the last four years. So make sure you say Hi!

LASER SURGERY – FOR SARCOIDS

It is the ideal time of year to start thinking about being proactive about those 'dreaded' sarcoids. With no flies around it is easier to manage post-surgery. We regularly post on Facebook when we are having Sarcoid Laser Clinics - keep checking back

DON'T FORGET OUR ONLINE SHOP

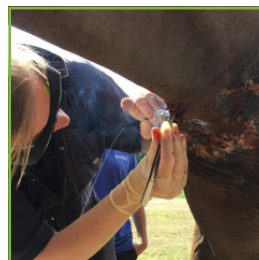

The site for all your horse's needs

VISIT OUR SHOP

Surgical Diode Lasers are portable, effective and safe.

Quick, simple and less than 10% recurrence rate in comparison to other treatments. Becoming increasingly popular, rather than referral - done on your yard!
