## VETERINARY NURSE- MEET THE TEAM:

**Lisa** joined the practice in 2016 and is the registered veterinary nurse at the practice. Lisa has been a qualified nurse for over 14 years and gained further qualifications as an RAMA (registered animal medicine advisor) and ESQP - (equine and companion suitably qualified person). This allowed Lisa to gain a deeper understanding of parasitology and prescribing non-prescription veterinary medicines such as flea and worming treatments which Lisa is able to dispense to pet owners in the office and whilst out on yard visits. Lisa offers nurse & weigh clinics in the practice; at this time Lisa can: take blood, repeat injections, change bandages, remove stitches, advise on wound care, advise on weight management, carry out worm egg counts and dispense the appropriate wormers. You may also see Lisa regularly out on the yard assisting the vets with procedures.

## BOZMERIX - FOC TRIAL BOXES

BozMerix is a revolutionary supplement to aid the natural systems in the horse that control inflammation and assist in orthopaedic comfort. We have 20 day trial boxes FOC available for registered clients....Don't miss out!

Contact the office to claim a FOC box or if you would like more information on this product.

Bozmerix is suitable for horses in competition (where products such as bute cannot be used), horses suffering from joint pain, stiffness, older horses, and horses recovering from surgery.

## MEDICATION AND PRESCRIPTION REQUESTS

We would like to remind our clients to please allow us 48 hours to make medication or prescriptions available to you. We have to adhere to strict legal guidelines when dispensing medication. All medication that is dispensed from the practice must be signed off by a Veterinary Surgeon and due to being an ambulatory practice the vets spend the majority of their day out of the office attending visits. This prevents us having to disturb them by ringing for approval when they are carrying out visits.

All written prescriptions must be completed by a Veterinary surgeon. Same day requests will incur an extra charge as this puts extra pressure on the vets to complete the paperwork within their day that is already booked up.

We would be very grateful in your support of helping us look after our amazing vets.

Repeat medication or prescriptions can be ordered by phone, or via email to [admin@farrandpursey.com](mailto:admin@farrandpursey.com)
