## SUSTAINABLE PRACTICE

### FARR & PURSEY EQUINE IS EMBARKING ON A NEW AMBITIOUS PROJECT.....

Some of you may have read from our blogs that over the coming months and years we pledge to look internally at our business, to help reduce the impact on the environment. Checking everything from the amount of miles we drive, to making sure that products we supply you with are as sustainable as possible. This is not going to happen overnight & is very much a work in progress. However, we have joined the iiE to make sure we are assessed on a regular basis and continue to improve our performance year on year. From your point of view you will probably see little change, although rest assured we are working hard in the background to become as sustainable and as carbon neutral as we can.

The iiE was founded in 2010 and is a national independent charity which helped design a national environmental accreditation scheme. It is designed to help organisations reduce their impact on the environment, whilst encouraging a corporate social responsibility.

### RECYCLABLE WASTE

Did you know that all our own branded supplements are manufactured in recyclable plastic? With our pledge to become more sustainable, we are happy when we are out on a visit at your yard to collect the packaging of our products or any cardboard that is waste from medication dispensed. All the waste collected will then be disposed of in our recyclable waste bins at the practice.

## IMAGE AND VIDEO REVIEWS

Due to the increasing & overwhelming amount of requests for advice in this format, it is now practice policy to place a small surcharge on this advice to cover the costs of the advice given, the transfer of the data to your file and transcribing the advice to maintain contemporaneous notes.

We will advise all clients when images or videos are sent through that the surcharge is applicable if they wish to continue with the discussion thread.

### DON'T FORGET OUR ONLINE SHOP

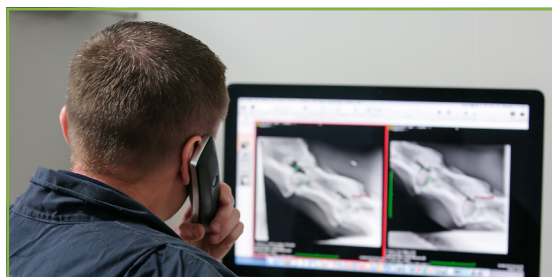

The site for all your horse's needs

[VISIT OUR SHOP](#)

We have tried to keep the costs nominal at £10 for images & £15 for video reviews (irrespective of the number of images / videos sent within a single message ).

We hope you understand the necessity for this charge and please do not hesitate to contact us if there are any queries.
