ECOLOGI

CLIMATE POSITIVE WORKFORCE

You may have seen on our social media that, as part of our ongoing commitment to our sustainability promise, we are now members of Ecologi. Ecologi is a company which can help us offset some of our carbon footprint, whilst we continue to make changes to reduce our overall impact.

In essence, for every member of staff we have committed to pay a premium in order to plant a specified number of trees each month. You can also help! By visiting our profile you can also gift a small fee to help plant more trees. Follow the link below to view our profile at: <https://ecologi.com/farrandpurseyequineveterinaryservicesltd>.

Check out our profile page, scroll close to the bottom and click the gift more impact link.

On our website home page we are displaying our tree total, so you can see how we are progressing.
