Your Horse, Your Choice

APRIL 2024

ROUTINE APPOINTMENTS PLAN AHEAD AND MAKE THE MOST OF YOUR VET VISITS

Is your horse due for their annual vaccinations or the next vaccination in their initial course? Why not tie this in with your horses dental check!

Regular dental examinations are key to optimising your horse's health & performance.

Regular dentals are encouraged whether they are advised to be annually, 6 or 3 monthly as a key aid in preventative healthcare.

Contact the practice to arrange an appointment on 01442 851921 or email admin@farrandpursey.com. Please request a dental at the time of the booking to make sure that the appropriate equipment can be allocated.

*** Courtesy reminders are sent out by veterinary practices however these can be missed, especially when transitioning over to a new veterinary practice. Please check your horse's passport for any upcoming vaccinations***

LAMENESS SENSORS

Contact the practice for more information or to make an appointment for your horse

EKYGARD+ : TRIPLE GASTRIC PROTECTION

Ekygard+ offers a triple action for your horse's stomach: preservation of the gastric mucosa, reduction of acidity and stabilisation of the bacterial flora.

In horses, the gastric mucosa is often affected by the highly acidic environment of the stomach, particularly during exercise or when the animal is stressed. Acidity may affect the horse's quality of life, its digestive function and, of course, its performance. These critical periods therefore require specific nutritional support.

Contact the practice for further information.

WELCOME TO THE TEAM

We are thrilled to introduce the newest permanent member of the team, Christina Chionidou DVM, CertAVP, MRCVS.

Christina joined the practice at the beginning of March and is a great addition to the F&P family! Christina carries out all aspects of 1st opinion work however has a particular interest in orthopedics.
