PRACTICE UPDATES

We are very pleased to announce that we have a new team member who joined the practice this week.

Luca has joined our admin team and will be working alongside Laura and Tracey as a full time member of the office.

Some of you may have already had the pleasure of speaking to Luca and will know what a great addition she will be to our fantastic team.

We look forward to you all speaking with Luca and when attending the practice being welcomed by her infectious smile.

FACEBOOK

Don't forget to join our Facebook Group- get in touch with each other, share thoughts, contacts and tell us what you want!

BALSAMIC CONTROL

Balsamic Control is a granulated supplement providing long-term support for the lower respiratory tract.

The supplement is targeted for use in horses exposed to the risk of equine asthma or in prevention during risk periods (pollen season, for example).

It only takes a few days to see the first effects of Balsamic Control.

Contact the practice for more information and for details of the range of Audevard supplements available.

WEBINARS & PRACTICE OPEN EVENINGS

We would like to thank our clients who signed onto Ricky's latest Webinar on Avoiding Purchasing Perils; we have had some great feedback from the session. Ricky will be holding another Webinar leading on from this so please keep an eye out on our socials for the upcoming date. We will be carrying out monthly focuses throughout the year and holding a range of webinars to cover a number of topics.

Alongside the webinars we will still be holding our in-person practice evenings throughout the year, which have always been loved by many. Thank you to those who attended Nikki and Georgina's fantastic talk on breeding this week.

If you would ever like any information that was provided on our webinars or client evenings or have further questions following the discussions, please email the practice on admin@farrandpursey.com.
